ON THE JOB

WEBSTER'S BISTRO AND BAR

Many local Niagara County residents may remember a restaurant in North Tonawanda named Nestor's. After Nestor's closed their doors, entrepre-

neur's Barbara and Kevin Hughes decided to fulfill a dream. And so, they built Webster's Bistro and Bar. The team at Alarm Design Systems, Inc. watched the transformation from the time the first piece of wood was cut to the Grand Opening of this fine establishment. To complete the dream, our team installed a security alarm, closed circuit television, and a sound system.

Discussing plans for the indoor speaker system are Kevin Hughes and Michael Gurnett.

For more on how information on how Alarm Design Systems, Inc. can help you protect your business call us at 716.692.9900, or visit us online at www.alarmdesignsystemsinc.com.

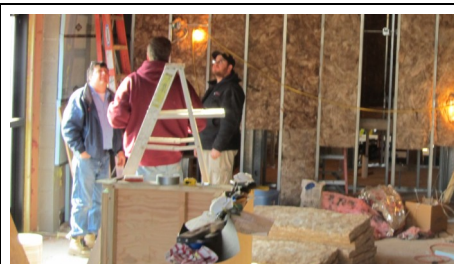

Celebrating the grand opening are Webster's Bistro & Bar owners Kevin and Barbara Hughes with Michael G., Owner, Alarm Design Systems, Inc.

Webster's Bistro & Bar is located at 102 Webster Street, North Tonawanda, NY.

NOW ACCEPTING

WHAT IS A CENTRAL VACUUM SYSTEM?

Central vacuum cleaners are a semi-permanent fixture designed to remove dirt and debris from homes and buildings. This system sends dirt particles through

tubing installed inside the walls to a collection container in a remote utility space. Typically the power unit is stored in the same space. The collection container is as easy to maintain as a HEPA filter or vacuum bag. Inlets are installed in walls throughout the building and attach to power hoses and other vacuum accessories to remove dust, particles, and small debris from interior rooms.

NOW OFFERING...

Referral Program—Refer us to friends, family, and co-workers. Upon installation of their new system, you will receive a credit for \$60 off your next year's monitoring services.

Paper-Free Billing — Simplify your life and go green by choosing Alarm Design Systems, Inc. Paper Free billing. Call to sign-up today!

Credit Card Acceptance— Credit cards are accepted for one-time payments as well as automatic bill pay.
